

New Product Announcement

Date: September 13, 2024
Attention: Tempo Communications Sales and Distribution Partners
Subject: Spike Marker
From: Anna Craver, Product Manager, Location and Markers

Introducing the Spike Marker Fixing Kit & Soft Duct Adapter

Enhance the versatility and durability of your spike marker with our innovative Fixing Kit and Soft Duct Adapter. Designed to accommodate a variety of environments and applications, these accessories simplify marker usage.

KEY BENEFITS

VERSATILE

- **Fixing Kit:** Securely attaches the spike marker to utilities in both parallel and perpendicular orientations. Compatible with standard zip ties up to .25" in width.

- **Soft Duct Adapter:** Adapts to 7mm or 10mm duct for effortless connection. Picture shown below is adapting to a 7mm duct. To use with a 10mm duct, user can cut off 7mm section. Watertight when installed properly.

DURABLE

- Constructed from high-quality synthetic rubber for long-lasting performance in demanding conditions.

MARKETING SUPPORT

The Spike Marker accessories information can be found on the product webpage [Spike Marker – Tempo Communications](#) and information added to datasheet.

Instructional video coming soon.
